InHotel Application

SECTION 1 MAIN SCREEN

The main view of InHotel can be accessed through the application manager **Open** button, or directly at <http://X.X.X.X/html/apps/hotel/hotel.cgi>

Figure 1 InHotel Main Welcome Screen

Available options are:

1.1 Room Calendar

The room calendar is used to display the current and upcoming reservations against a calendar. This interface is used to create new reservations as well as check in and check out guests.

You can save the room calendar to your favorites, the URL is:

<http://X.X.X.X/html/apps/hotel/hotel.cgi?cmd=guicalendar>

1.2 Guest List

The Guest List will display all stay information grouped by current status. This interface is used to see the status of a stay, as well as configure messages, wakeup calls and print invoices.

You can save the guest list to your favorites, the URL is:

<http://X.X.X.X/html/apps/hotel/hotel.cgi?cmd=guiguests>

SECTION 2 COMMON FUNCTIONS

2.1 Navigate the Calendar View

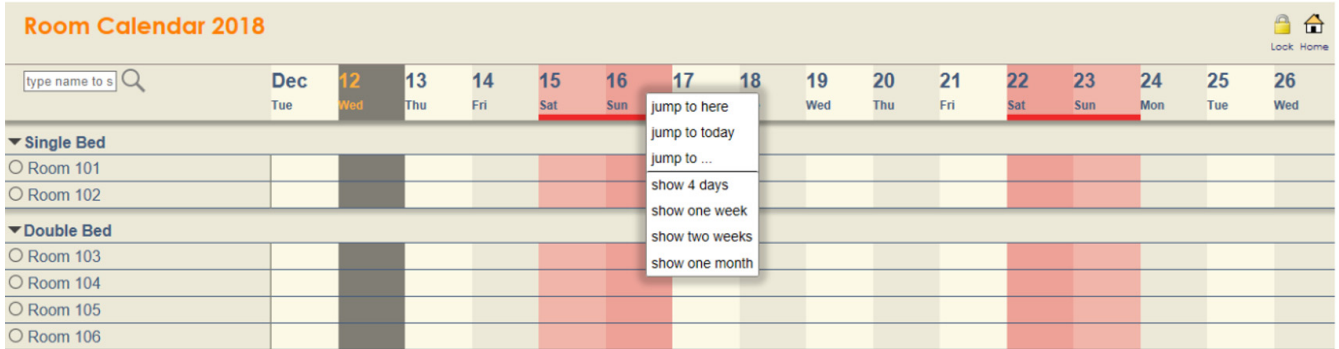

Most functions within InHotel are accessed by holding down the left mouse button and selecting the option from the pop up menu.

Figure 2 Calendar View

By default, this page shows the next two weeks. It is possible to change this by holding down the left mouse button anywhere on the Date Bar and selecting an option.

Figure 3 Date Bar Navigation

2.2 Use Guest Filter

Using the Guest Filter can help you to easily find a reservation. This can be part of the first or last name of the guest. The filter is applied immediately and will display all matches.

Figure 4 Room Calendar Without Filters

Notes

In this screen we define details about the guest and also the channel the stay was booked via.

- **Booker** – This is the person or entity responsible for booking the room. This could be a travel agent or the hotel itself for direct bookings.
- **Guest** – The individual who will occupy the room.
- **Number of Adults**- Expected number of adults.
- **Number of Children**- Expected number of children.

- **Market / Channel / Source** – This information is captured for later reporting functions.
- **Notes** – Enter some notes for the guest stay.

If the guest does not exist in the drop down menu, then click the New Contact button to create a new record.

Figure 9 New Contact Record Creation

The screenshot shows a web form titled "Edit Contact" with a red 'X' and a green checkmark in the top right corner. The form contains the following fields:

- Name:** A text box containing "Guest 5" and a dropdown menu set to "Male".
- Post Address:** A text box containing "3929".
- Street and Number:** A text box containing "W. John Carpenter Freeway".
- ZIP, City:** Two text boxes containing "75063" and "Irving".
- State:** A text box containing "Texas".
- Country:** A dropdown menu set to "United States of America".
- Phone Number:** A text box containing "+1(214)654321".
- Mobile Number:** A text box containing "+1(214)123456".
- FAX Number:** A text box containing "FAX".
- E-Mail Address:** A text box containing "example@hotel.com".
- Nationality:** A dropdown menu set to "United States of America".
- Language:** A dropdown menu set to "US English".
- Passport Number:** A text box containing "0987654321".
- VIP Status:** A dropdown menu set to "Frequent Guest".
- Color:** A dropdown menu set to "cyan".
- Notes:** A text area containing "enter some notes here".

The guest stay is then reserved against the room.

2.4 Confirm a Guest Reservation

If a guest confirms their reservation with a deposit then you can display this on the guest calendar by holding down the left mouse button and selecting **Confirm**.

Figure 11 Confirm Reservation

When you confirm a guest stay the reservation is shown in a different color.

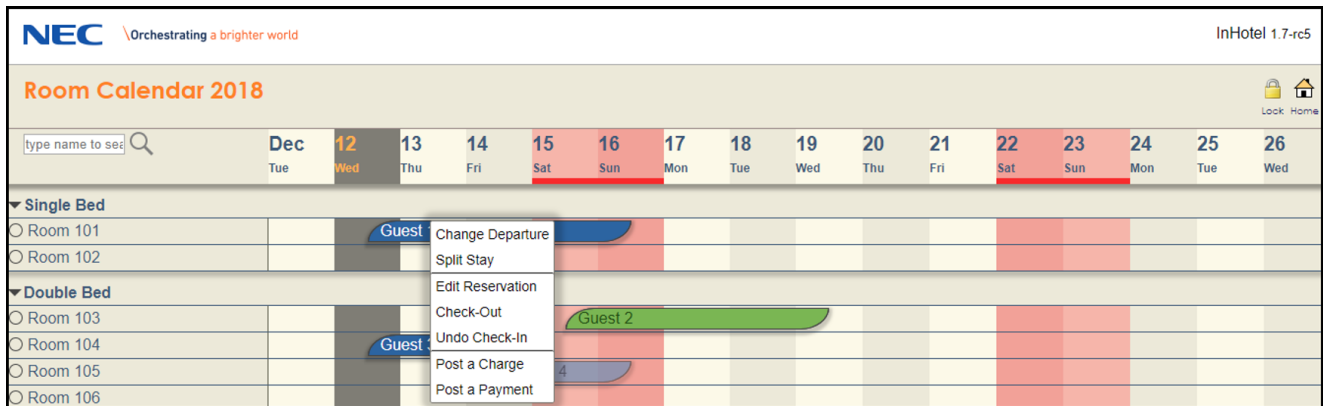

Figure 12 Confirmed Reservation in Room Calendar

If you take a deposit payment for the guest, this can be logged on the Folio account via the Guest list or the context menu against the stay it is possible to Post a Payment.

The payment can be made against the booking in the calendar view by holding down the left mouse button.

Figure 13 Confirmed Reservation Shown in Room Calendar

The Folio account is managed in the Guest List. The guest stay will be shown either under Reservations or Arrivals Today, depending upon the guest arrival date.

Hold down the left mouse button to show the Folio menu, and select **Post a Payment**.

Figure 14 Guest List Folio Account

The screenshot shows a web interface for a 'Guest List Folio Account'. At the top, there is a section titled 'Reservations' with a dropdown arrow. Below this, there are two reservation entries: 'Guest 2' for Room 103 on 2018-12-15, and 'Guest 5' for Room 102 on 2018-12-14. Under 'Guest 5', there are sub-items: 'Stay' (4 Night(s)), 'Room' (Room 102), 'Contact Details', and 'Folio'. A context menu is open over the 'Folio' item, showing two options: 'Post a Charge' and 'Post a Payment', with 'Post a Payment' being the selected option. Below the 'Folio' section, there are other menu items: 'Messages' and 'Wake-Up Calls'.

Post a credit to the room for the amount of the deposit.

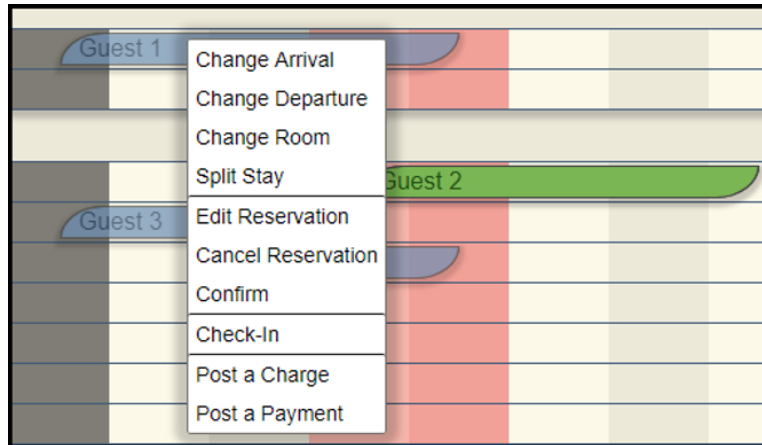

Figure 15 Posting a Deposit

The screenshot shows a 'Credit Posting' form. The title 'Credit Posting' is in orange. In the top right corner, there are two icons: a red 'X' and a green checkmark, with the text 'Home Home' below them. The form has two main fields: 'Payment Method' is a dropdown menu currently set to 'American Express', and 'Text' is a text input field containing 'Room deposit'. To the right of these fields, there is a small box containing the value '50.00'.

2.5 Move a Guest Reservation to a Different Room

Once a reservation is created then you can move them to a different room. To do this, hold down the left mouse button against the reservation in the Room Calendar. You will see the **Change Room** option.

Figure 16 Moving a Reservation to a Different Room

When you select the option to move the reservation to a different room, then all rooms which can accommodate that stay will be highlighted. Click on the new room to move.

Figure 17 Available Rooms are Highlighted

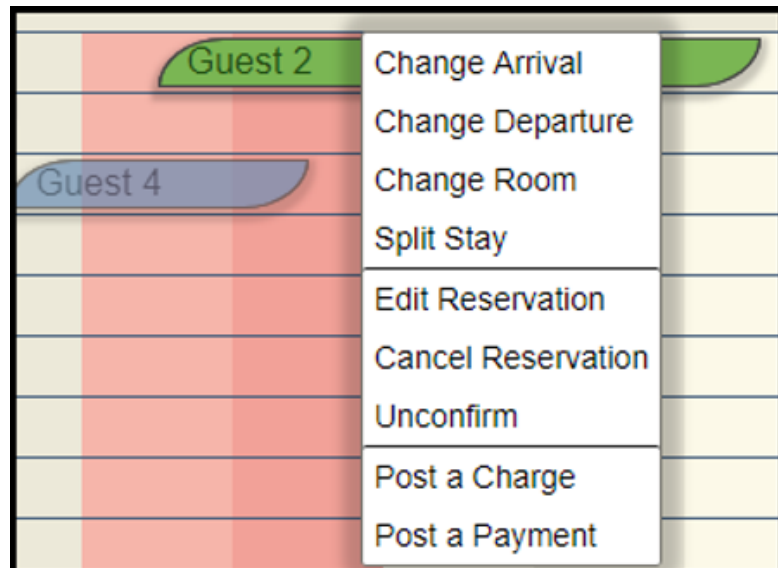

2.6 Change Arrival or Departure Dates

It is possible to change the arrival or departure dates for a guest reservation.

It is possible to change the departure date for a checked in guest.

To change either the arrival or departure date, hold down the left mouse button against the reservation in the Room Calendar and select the appropriate option.

Figure 18 Reservation Options

You will see blue bars appear to indicate the available arrival or departure dates.

Changing the arrival date does not change the duration of the stay, you must then amend the departure date.

Changing the departure date does extend the duration of the stay.

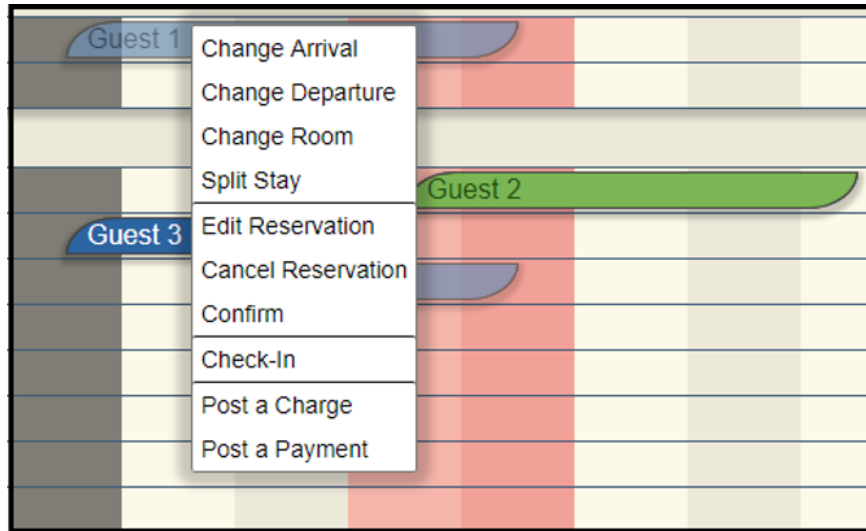

NOTE

If there is another stay booked in this room you cannot extend the dates past the room availability. It may be necessary to move the guest to another room with more availability.

2.7 Check In a Guest

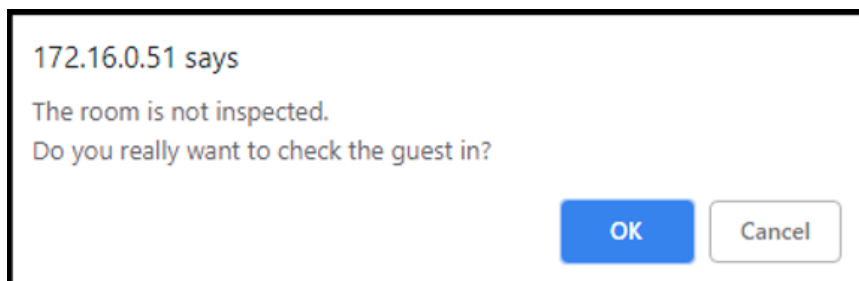

To check in a guest hold down the left mouse button on stay using the Guest Calendar.

Figure 19 Room Calendar: Hold Down Left Button on Guest Name to Show Menu

After clicking Check-In InHotel will state the status of the room and ask for confirmation for the check-in, specifically if the room is Dirty, cleaned, Cleaning, Out of service, Out of Order.

Figure 20 Check In Confirmation

The guest name will change to a different color when they are checked in.

Figure 21 Checked In Guest

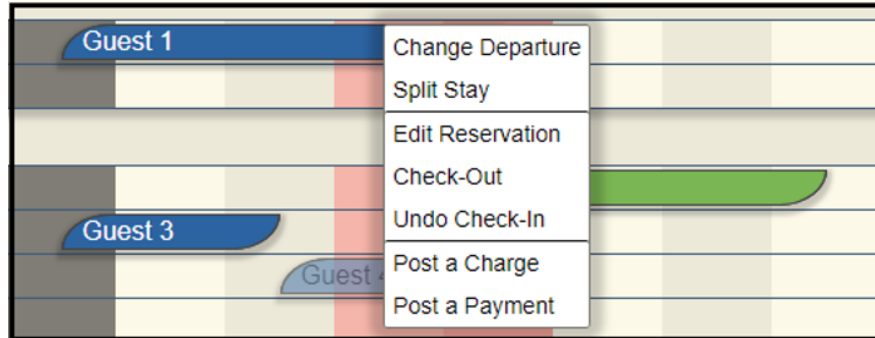

When the guest is checked in then you are able to make external telephone calls from the room. Any calls made are now captured by InHotel and automatically charged to the room account.

2.8 Undo Check-in

After Check-in it may be necessary, for a variety of reasons, to undo the check-in. This can be achieved by holding down the left mouse button on the checked in guest and selecting **undo check-in**.

Figure 22 Room Calendar: Hold Down Left Button and Select Undo Check-In

When undo check-in is selected the reservation is highlighted in a different color to differentiate the reservation.

Figure 23 Undo Check-In

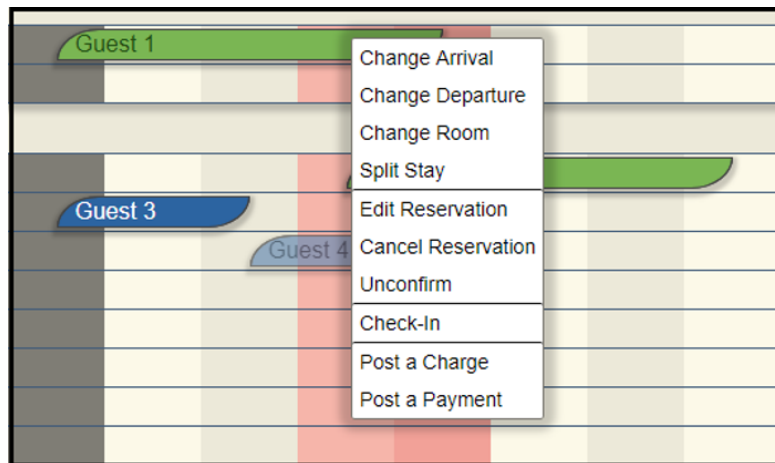

At this point the toll restriction class, or call barring, is changed to prevent externals call being made.

After the Undo Check-In has been performed it is then possible, if required, by holding down the left mouse button on the reservation, to edit the reservation including moving the guest to another room and canceling the reservation.

Any charges that have already been accrued in the folio will be moved with the guest to the new room or, in the event of canceled reservation a pop-up will appear stating there are unpaid charges.

Figure 24 Options after Undo Check-In

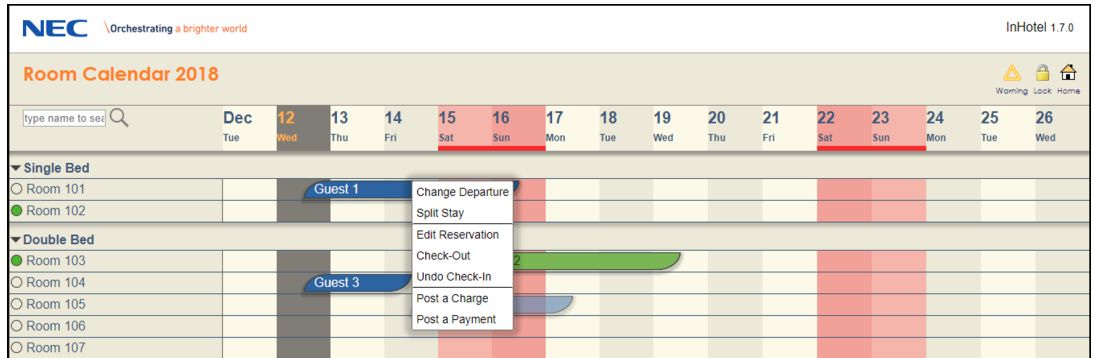

2.9 Split a Guest Stay to Other Rooms

It is possible to split a guest stay between different rooms, this is possible both prior to and during their stay.

This is achieved by holding down the left mouse button on the reservation and selecting split stay.

Figure 25 Moving a Guest to a Different Room

When you select the option to split the stay the remaining days of the reservation are shown.

Figure 26 Selecting Split Stay

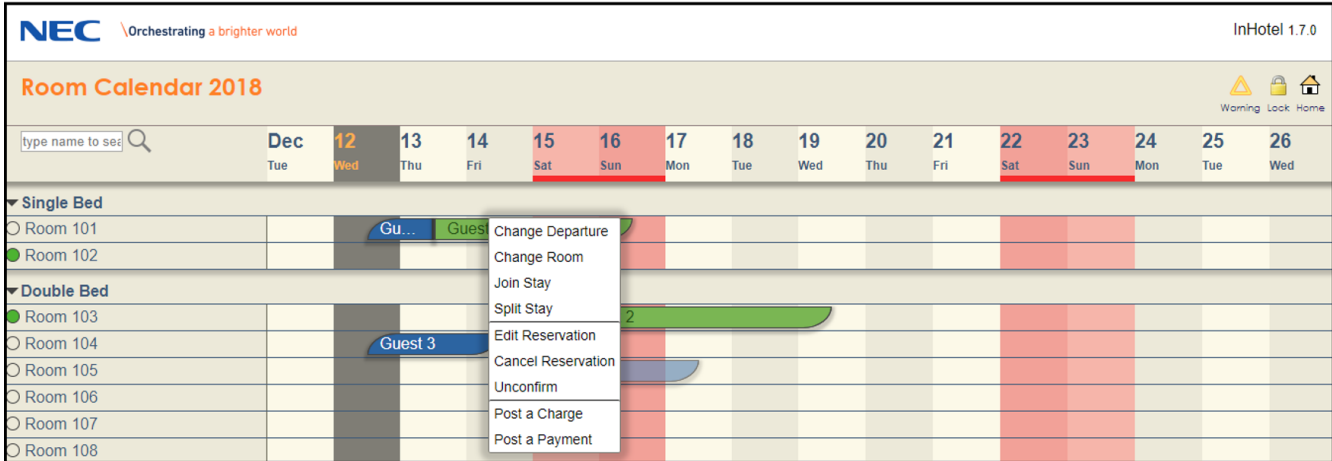

Selecting the day that the stay is to be split highlights the selection in a different color.

Figure 27 Selecting Split Stay

By holding down the left mouse button, change room can then be selected.

Figure 28 Selecting Change Room

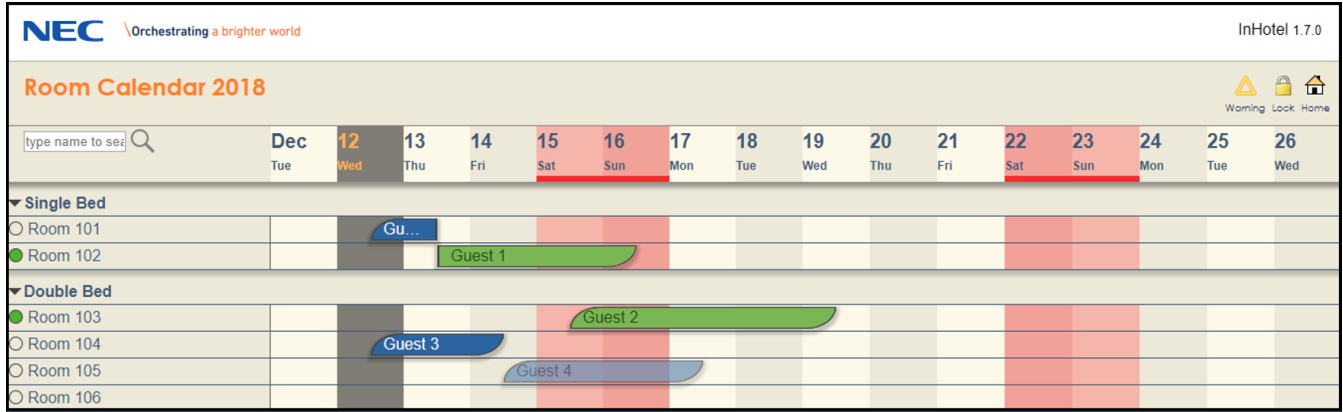

Then all rooms which can accommodate that stay will be highlighted. Click on the new room to move.

Figure 29 Available Rooms are Highlighted

Select the desired room.

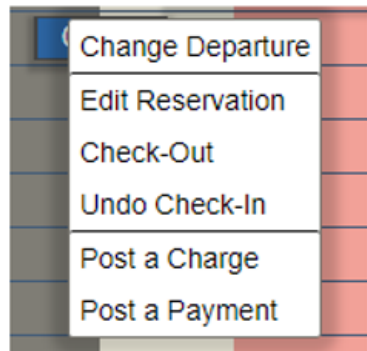

Figure 30 Reservation Moved to New Room

The guest should then be checked out of the original room and then checked into the new room.

It is possible to **undo** a Check In. For example, if the guest is Checked In, then returns to reception to complain about the room or report an error (double bed instead of twin beds for example) you can Undo the Check In by holding down the left mouse button against the reservation and then select **Undo Check In**.

Figure 31 Undo Check-in Process

You can then move the reservation to a different room.

2.10 Hotel Room (Maid) Status

The status of the room can be set by the maid using the room telephone. To set the status of the room from the **room** telephone;

- Lift the receiver.
- Dial 640 followed by the status code.
 - 1 = Inspected
 - 2 = Dirty
 - 3 = Cleaning
 - 4 = Cleaned
 - 5 = Out of Order
 - 6 = Out of Service
 - 0 = Inspected
- Wait three seconds or, for the confirmation beep.
- Replace the receiver.

To set the status of the room from the **operator** telephone;

- Lift the receiver.
- Dial 641.
- Dial the extension number of the room followed by the room status.
 - 1 = Inspected
 - 2 = Dirty
 - 3 = Cleaning
 - 4 = Cleaned
 - 5 = Out of Order
 - 6 = Out of Service
 - 0 = Inspected
- Wait three seconds or, for the confirmation beep.
- Replace the receiver.

It is also possible to administratively set the room status from the InHotel Room Calendar for the purpose of reporting. If the room status is subsequently set through the telephone this will overwrite the status set in InHotel.

Figure 32 Hold Down Left Mouse Button to See Room Options

2.11 Block Telephone Calls From a Room

You can block telephone calls from the room using the Room Calendar. Hold down the left mouse button on the room name to set call barring.

Call barring only affects external calls, hotel rooms are always able to call reception.

2.12 Charge Minibar Items to a Room

It is possible for the maid to charge minibar items to the room through the telephone, it is also possible for the InHotel operator to add items manually to the guest Folio.

2.12.1 Minibar Operation for Room Maid

To charge a minibar item to the room;

Lift the telephone receiver.

- Dial Service code 681.
 - Input the item number which is listed in the **database**.
 - Press the Hold button.
 - Enter the quantity of items consumed.
 - Press the Hold button, you will receive a confirmation tone.
- Repeat above or replace the receiver.

The item/s are automatically charged to the guest account.

2.14 Setting Wake-Up Calls

Wake-Up calls are an integrated feature of the NEC PBX. Once set they are actioned automatically and no interaction is required by the InHotel Operator.

Wake-Up calls can be set by the hotel guest using the telephone, or by the InHotel Operator.

InHotel will repeat wake up calls according to the configuration, by default up to three attempts in five minute intervals.

2.14.1 Wake-Up Calls Set by the Guest

For the guest to program a Wake-Up call;

- Lift the receiver.
- Dial 631 – The VRS will answer.
- Enter the time of the Wake-Up call in 24 hour format (i.e., 06:30 or 18:30).
- You will receive confirmation that the Wake-Up call is set.

For the guest to cancel the Wake-Up call;

- Lift the receiver.
- Dial 632.
- The Wake-Up call is canceled.

2.14.2 Wake-Up Calls Set by the InHotel Operator

To program a Wake-Up call, find the guest stay in the Guest List. Expand the view to show Wake-Up Calls. Hold down the left mouse button until you see the option **New Wake-Up Call**.

You can now create a Wake-Up call series. By default the Wake-Up call is set for 07:30 hours for every day of the guest stay. You can modify this as required.
